2. Recommendations

3. Terms of reference

3.1. Scientific Committee on Problems of the Environment (SCOPE)

3.1.1. Origin

3.1.2. Objectives

3.1.3. Membership

3.2. SCOPE Commission on Monitoring

3.2.1. Origin

3.2.2. Function

3.2.3. Membership

3.3. Request to SCOPE from the UN Conference on the Human Environment, Stockholm 1972

3.4. SCOPE's acceptance of the UN request

4. Monitoring – basic considerations

5. Environmental problems

5.1. Introduction

5.2. Discussion of critical environmental problems

5.2.1. Potentially adverse climatic change resulting from human activity

5.2.2. Potentially adverse changes on biota and man from contamination by toxic substances including radionuclides

5.2.3. Potentially adverse changes in biological productivity caused by improper land-use

5.2.4. Potentially adverse changes in the growth, structure and distribution of the human population

5.2.5. Changes in the subjective human perception of the environment

5.2.6. Eutrophication of waters

5.2.7. Decreasing freshwater resources

5.2.8. Natural disasters

6. Environmental variables appropriate for monitoring

6.1. Introduction

6.2. Physical and chemical data from the atmosphere pertinent to global climatic change

6.3. Physical and chemical data from air, water, soils and biota pertinent to human health and welfare

6.3.1. The media approach
The design of global environmental monitoring

Introduction

Reference areas

High exposure areas

Other monitoring systems (regional and global surveys)

Variables in relation to climatic change

Source monitoring

Variables in relation to biological changes

Short-lived phenomena

Data handling

Pilot studies to develop global monitoring

General remarks

Pilot studies in the non-marine areas

Pilot studies in the marine area

Activities to support and promote environmental monitoring

Historical monitoring

Environmental archives

Training (scientific and technical) for monitoring

Operational and institutional arrangements

Functions

Co-ordination

Introduction

The Monitoring Office

A Central Monitoring Co-ordinating Unit

Evaluation

Monitoring and other UN activities
